TECHNICAL ENTHUSIAST

Electronics | Automation | Embedded Systems | Data Analytics
Web Development | Linux | Cybersecurity

CAREER OBJECTIVE

Motivated and multi-skilled technical enthusiast with strong interest in electronics, automation, cybersecurity, programming, and data analytics. Passionate about learning modern technologies and gaining practical experience in technical, IT, and software-related fields.

EDUCATION

- 10th Pass
- ADCA (Advanced Diploma in Computer Applications) Completed
- Web Development Course Completed
- Currently Learning:
 - Data Analytics
 - Python Programming
 - C Programming
 - C++ Programming

TECHNICAL SKILLS

- Web Development (HTML, CSS, JavaScript)
- Linux Operating Systems
- Data Analytics (Learning)
- Python Programming (Learning)
- C Programming (Learning)
- C++ Programming (Learning)
- Electronics & Embedded Systems
- Automation Fundamentals
- Computer Hardware & Software
- Graphics Designing
- Video & Photo Editing
- Electrical Installation & Maintenance
- Cybersecurity & Network Security (Learning)

LANGUAGES

- Hindi
- English

PROJECTS & TECHNICAL EXPERIENCE

- Worked with Raspberry Pi 4 for Linux-based and electronics experiments.
- Used Arduino, ESP32, ESP32-C3 SuperMini, and Raspberry Pi Pico W for embedded systems and IoT learning.
- Worked with GPS modules, amplifier modules, sensors, and other electronic components.
- Performed hardware testing, troubleshooting, and repairs.
- Gained practical exposure to various technical tools and Linux-based systems.
- Developed and deployed a personal portfolio website using GitHub and Vercel.
- Continuously learning and working on improving technical and software development skills.

WORK EXPERIENCE

Technical Trainee

MAKc Automation and Solution LLP, Bengaluru

- Learning industrial automation systems and technical operations.
- Assisting in installation, maintenance, and troubleshooting activities.
- Supporting automation and electrical-related work.

Fitter & Site Supervisor Assistant

Industrial Construction Project (Warehouse)

- Assisted in reinforcement, fitting, and installation activities at a large industrial warehouse construction site (approx. 50 ft. height and large scale).
- Supported site supervision and coordination of on-site work.
- Gained practical exposure to industrial construction environments.
- Assisted skilled workers in various technical and installation-related tasks.

STRENGTHS
